DEPARTMENT OF MANAGEMENT AND MARKETING

Mission

The mission of the Department of Management and Marketing is to institute, support, and promote comprehensive Management and Marketing education and practitioner oriented research, through programs that prepare a diverse student population for business careers. The ideal is to create a campus community that enriches theory with experiential learning through business enterprise involvement in class experiences, online simulations, and internships.

About Us

The Department of Management and Marketing is at the core of students' understanding the business enterprise as a complex system with multiple interrelated functions. This perception prepares students for rewarding careers as business professionals at all levels of the enterprise and provides a basis for responsible global citizenship. Students learn problem-solving through a comprehensive understanding of interrelated management functions, applicable theory, and the fundamentals of getting a product or service to the global marketplace. The department offers eight Bachelor of Business Administration degrees, three Bachelor of Applied Arts and Sciences degrees, a Master of Business Administration degree, and six professional certificates.
