APPLYING FOR FINANCIAL AID

Each applicant must complete the financial aid application and requirements before financial aid eligibility can be determined. The majority of general financial aid funds are awarded on a first-come, first-serve basis to eligible students who document significant financial need, who complete their application materials to the Office of Student Financial Aid & Scholarships by the January 15 priority date, and are be accepted to the University at the time of awarding. Application completion is defined as having the results of the FAFSA (Free Application for Federal Student Aid) and all other required documents into the Office of Student Financial Aid & Scholarships.

The FAFSA is available at www.studentaid.gov (https://studentaid.gov/). Financial aid is awarded to students who demonstrate need and/or meet the priority date until all of the funds are committed for the year. If the file is completed after January 15, the awards may be limited to Federal Pell Grant, Federal Direct Loans and any funding that remains. Students must apply annually (on or after October 1st of each year) for financial aid consideration as financial aid does not automatically cross over from one award year to another.

It is the student's responsibility to be sure application materials are complete. Please contact the Office of Student Financial Aid & Scholarships for application forms and complete details. This information may also be obtained online at www.tamusa.edu/financialaid (http://www.tamusa.edu/financialaid/). All financial aid policies and procedures are subject to change due to revisions in federal and state laws, regulations and guidelines and applicable institution policies.

FAFSA Priority Deadlines: January 15th
