

BIOLOGY, BACHELOR OF SCIENCE

Requirements

- 120 credit hours required for a degree
- 36 advanced credit hours required for degree
- 25% of courses must be taken A&M-SA for degree

All students must complete the University's Core Curriculum (<https://catalog.tamusa.edu/undergraduate/academic-policies-procedures/core-curriculum/>) and the specific requirements of the major. In some cases, a course that is required for a major may also be counted towards the Core Curriculum.

² An earned letter grade of C is required for this degree

³ 2.0 overall GPA for major

⁴ and the 36 upper-division credit hours required for degree

⁵ If minor is chosen, at least 10 hours must be upper-division. 2.0 overall GPA for minor.

⁶ A&M-SA students are required to take ENGL 1302 Composition II. Credit for ENGL 2311 Technical Writing will be accepted for transfer students.

Plan of Study

This suggested order of courses assumes the following: 1) students come in TSI compliant for all categories 2) students come in as a freshmen with no previous credits earned 3) students pass all courses the first time. 4) all courses are offered during the semester suggested NOTE: If any of the above assumptions are not met, we encourage students to meet with their advisors. The most important component of this suggested schedule of courses is the order of the BIOL, CHEM, and MATH courses.
